

New Creation Refuge  
Be a Voice Newsletter—Oct '09

**40 Days for Life....do you know about it?  
219 saved!!**

For a couple of years now, New Creation has been praying for this movement to come to Hagerstown, whose clinic is a major hub to the quad-state area and beyond for taking innocent life. Will you join us in prayer that seven leaders will step up in this area to bring 40 Days for Life to Washington Street?

Here is your October "Be a Voice" ideas:

1. Devote one day or a few hours a week to watching children of single mothers. Do you know that single mothers are the most likely to have an abortion? Will you be the hands of Jesus to them and relieve some of their pressures?
2. Donate baby items to pregnancy centers. They need clothing, diapers, wipes, shampoos and lotions, toys, you name it. If you can spare it from a yardsale, then do so. They need it. Also, they need hygiene items for care baskets for mothers. New Creation works with four different pregnancy centers in the quad-state area. We can give you drop-off and donation information.
3. It is October and everyone is donating to breast cancer awareness. Did you know Komen foundation gives a sizable amount of money to Planned Parenthood? If you are contributing to breast cancer awareness and research this month, please give to a foundation that does not perpetuate death in other areas.

Thank you for caring about our cause. In joining causes like ours, you can be a voice of truth to our generation.
